

Delphi Developer for Window Blinds ERP Software

Blindata is looking for an experienced Delphi Developer to join our team to help us maintain and enhance our established ERP software. The successful candidate will work closely with our global development team to deliver high-quality software solutions, improvements and technical support that meet our clients' needs on a day-to-day basis in between quarterly releases.

The role is a full-time position. Working hours are UK Business hours initially moving to US business hours after passing an initial three-month probation period.

Responsibilities:

- Design, develop, and maintain software applications using Delphi.
- Collaborate with team members to understand requirements and provide solutions.
- Troubleshoot and debug software issues to ensure a high level of reliability and performance.
- Write and maintain technical documentation for software applications.
- Participate in code reviews and provide feedback to improve the quality of the code.
- Stay up-to-date with the latest technologies and programming languages.

Requirements:

- Strong experience in Delphi development.
- Knowledge of ERP software and its implementation is highly desirable.
- Experience with Windows operating systems and SQL databases.
- Understanding of software development best practices, including version control, unit testing, and continuous integration.
- Ability to work collaboratively in a team environment and to communicate effectively with team members and clients.
- Strong problem-solving and analytical skills.

If you are passionate about software development and have commercial experience in Delphi, we encourage you to apply for this opportunity. We offer opportunities for professional growth and development whilst working on an industry-leading technology solution and being part of a team that is dedicated to delivering a best-in-class solution and customer experience.

Blindata is a leading software provider to the Window Blinds industry, providing an innovative ERP solution to businesses of all sizes, right across the globe. Our software streamlines operations and manages entire manufacturing processes, empowering clients to better serve their customers, be aware, clear and communicative of their schedules to grow their businesses.

Blindata is a part of Ascend: an innovative, digital transformation agency whose passion is to help companies stay ahead of the curve and achieve their full potential through the power of digital transformation; enabling them to thrive in a modern, global, online marketplace.
